A photograph of a modern interior space. On the left, a large, dark-stained wooden door with a vertical glass insert stands in a recessed alcove. Above the door, a large window with a grid pattern allows natural light. A modern chandelier with many thin, gold-colored rods hangs from the ceiling. To the right of the door, a light-colored wall features a small, dark, square object. In the foreground, a light gray, polished floor reflects the light. To the right, a blue armchair and a small table with a vase of pink flowers are visible. The image is framed by a white diagonal line on the right side.

INTERIOR DESIGN

Interiors are a collective unity of both function and aesthetic considerations. Interiors are the heart of exteriors. Our goal is to create spaces that evoke a sense of place while complementing a building's outward expression, for it's not only about the cup, it's about the tea in it.
